Specifications

abc/aac aerial cable:1..XLPE insulation.2.standard:IEC,ISO,CCC,GB

3.aluminum conductor,4,free samples.5.Factory direct sale.

1.Application:

Aerial Bundled Cable (ABC cable) has characters of power-transmitting and strong mechanical. In comparison with bare wire, aerial bundled cable (ABC cable) boasts many advantages, such as: small span in laying, higher safe reliability, better atmosphere aging resistence property.

2.Construction:
